

Corvette Club of South Australia Inc.

JANUARY 2014

Hi All

PRESIDENT'S REPORT

Well half the festive season is done and by the time you get this the other half will be too and between working and packing up 30 years of accumulated old people stuff (and bringing most of it home) there has not been

much time for celebration.

But with the new year comes OUR silly season and it starts with our first meeting for the year on the **8th of January**, I thought that I needed to mention this as I bet that a few of you (Tom) will turn up on the 1st and think "how good am I, I am the 1st one here" and being a bit slow it will take about three quarters of an hour before the light comes on and the question becomes "why is everyone late" and then another three quarters of an hour and a phone call is made, "Hi Tom, no, the meeting is next week!"

Our first few club events will be centered around Port Adelaide with the January club run ending at the Aviation museum at Pt Adelaide (my information may not be correct but a race between an F111 and a Corvette may be on the cards - if they can get the F111 started!).

The big one is **Corvettes at the Port Feb 9th**. Should be another big day judging by the effort put in by Laurie and there will be the usual trophies and band and the best bit, lots of Corvettes so put that one firmly in the diary.

For those of you that thought that Easter is more than just chocolate Easter eggs, you are right, **OUR National Convention, VETTES in the VINES** is nearly here and it is shaping up to be another great one put on by South Australia, if you haven't put in your entry then I suggest that you do as there will be cars from all over the country attending, including WA and Queensland as well as a few KIWIs that wander across the ditch to see what we are up to. Haven't anything else to say, taking the Corvette for a run, see you at the meeting. The Pres

Supper Organized by Peter & Lynda. Many thanks from the committee.

On Saturday the 30th Nov., Gary & Kathy McPhee invited the Corvette Club to their house for the annual Christmas party. About 30 of us turned up for a magic night of food, fun, & friendship. There was the President & the local Joker taking turns in wearing the dancing Santa hat. We had a Christmas lucky dip box where the people

whose tickets when drawn were blindfolded, spun around & then had to pick their parcel from the box, (all good fun).

Again thank you to Gary & Kathy from everyone there as we all enjoyed the night.

DETROIT is the place to be over January 18 - January 25, where Chevrolet will introduce the 2015 Corvette Z06 and the C7R along side each other, at the North American International Auto Show, Chevrolet released this photo and nothing else.

What can be seen the image are the profile Michelin Pilot Sport Cup tires on lightweight-alloys. Carbon-fibre side skirts and fender-flare extensions. Chevrolet are promising us the most track-capable Corvette ever," The new Z06 has been designed to deliver supercar levels of performance through unique powertrain, chassis and aerodynamic features. Hence the C7R sitting along side it for the week. What we do know is there is a new Jake logo (At right). Rumours now abound across the internet that an

2015 Z06

8-speed automatic transmission designated the 8L90, capable of handling over 700 pound-feet of torque, is in development. The 8L90 is about the same size as the Corvette's current 6L80 six-speed, but with two extra gear ratios, a ratio spread of 7.0, a shorter first gear for better launching, and three speed sensors for improved shifting. All of this information has supposedly come from an SAE paper which has since been retracted and modified but not before the Corvette forums got hold of it ! Only time will tell.

The convertible was released for sale last month and Chevrolet kicked the party off with a limited release Premiere Edition, which comes loaded with everything you would want to stuff in a performance vehicle a gutsy exhaust system, electronic limited-slip diff, adjustable magnetic ride suspension. Don't forget the Corvette-branded luggage from Thule. Chevrolet will build just 550 of these convertibles, only available in the dark green Lime Rock with the brown suede interior . The Premiere Edition will set you back \$77,450 (US)

Specialising in C3 (1968-1982) Corvettes, we can do anything from routine maintenance to ground up restorations. This includes conversions to Right Hand Drive and reconversions on cars that do not meet current standards. We have a large inventory of new and used parts and panels in stock. Any parts that you require that are not in stock are normally 10-14 days away, as we place orders to America on a weekly basis.

Corvette Conversion Centre is pleased to announce that we have developed brackets to mount the RRS Rack & Pinion steering system into C3 Corvettes. This will be the perfect solution for poorly converted Corvettes or if you just want a more modern feeling steering system. A left-hand drive version is currently under development.

Cruise to Cruise

The last club cruise of the year was organised by Breck and Helen, the meeting point was Providores & Café at Aldgate. Where some had a hearty breakfast. After which 14 Corvettes headed off toward the mighty Murray. We ventured through Mylor, Echunga, Meadows and finally arrived in Goolwa. Where we parked on the grass well away from the wharf, but still managed to attract the adoring public, put more than 30 Corvettes in any place and we attract a crowd !

Here we boarded the 'Oscar W' a paddler steamer built in 1908 in Echuca by Franz Wallin and named for his son. Powered by a 16 hp, 2cylinder steam engine, she was designed to tow

cargo barges up and down the Murray. Like so many other paddle boats the main cargo was wool, from the many stations along the

river. The SA Government briefly owned her as a service boat for the many ferries, in 2001 she was purchased by the local council. Now operated by 'the friends of the Oscar W' at a grand 105 years of age she still managed to enthrall all of us. After the cruise under the bridge and down to the barrage, we headed over the bridge. Lunch was held at 'The Landing' where we had a fabulous meal and as usual much frivolity and club merriment was had.
